

## You have to make hundreds of choices every day. Are you making the best choices?

You have so many choices to make each day.

**Which ones are the hardest for you to make?**

Time, task, or people-related **choices**?

Money or health-related ones? Personal or professional ones? Standing up for yourself or staying silent? Maybe it's making a major change.

Regardless of your profession, **what you have in your life is a external result of your internal choices.**

Yet did you know that, typically, we are all only aware of 5% of the thousands of choices we make every day?

**Now, you can change that from 5% to 95% and make choices like a pro to reap good results!**

## Now, there's a uniquely simple way to make wise choices quickly and easily

**In our Success by C.H.O.I.C.E. workshop, you'll:**

- Learn how to understand yourself better and respect others more easily.
- Learn a unique way to visualize upcoming choices.
- Learn a simple way to make choices and decisions using 'big picture' thinking and visualizing outcomes.
- Receive a tangible compass and guide map to use when making choices and decisions.

**Benefits you will receive from this training:**

- More appreciation for yourself and respect for others.
- More confidence in your choices; less stress in life.
- Knowledge of a fair way to make and measure choices and decisions that can be used by all ages, creeds, cultures, and communities.
- For parents, introduction of the children's version that you can use to teach these same steps to your children.

**Best Feature of this Simple Process: It can be used by all; yet incorporates each person's own values.**
